Blynt standard chart of accounts

The 29 accounts every client trial balance is mapped to. Each account feeds a line in the statutory accounts, a lead schedule (working paper) and a cash flow category. Source: the Blynt platform (`db.blynt_accounts` and the statutory mapping in `auto-mapper.ts`).

Type	Accounts	Codes
Assets	13	1000 – 1720
Liabilities	5	2000 – 2600
Equity	2	3000 – 3100
Revenue	2	4000 – 4100
Cost of sales	2	5000 – 5100
Overheads	5	6000 – 6950

6950	Loss / (Profit) on Disposal of Assets	F	Debit	Administrative expenses	REC-03	Operating activities	

Lead is the lead schedule letter in the working paper file. Control marks control accounts reconciled to a sub-ledger or statement (bank, debtors, creditors, VAT, payroll). Schedule is the user-story reference of the supporting schedule, e.g. REC-02 Bank and cash; — means the line has no supporting schedule and is reviewed through profit and loss analysis (ANL-01).
